

Top tips for measuring!

Take your actual body measurements as they are more accurate than measuring over your clothes

Jacket

To provide a jacket size please complete the following two measurements and refer to the appropriate chart below (men's or boy's)

Chest: measure the chest at the fullest part, placing the tape close up under the arms.

Jacket Length: measure from the shoulder seam of a shirt to the cuff, this is where you would like the cuff of the jacket to sit on your wrist/top of hand. Then length measurement will vary depending on the style of garment.

Trousers

To provide a trouser size please complete the following two measurements

Waist: measure the natural waistline.

Inside Leg: measure from the crotch to where your trouser is normally worn on the shoe.

Men's trousers range from 28" – 56" in waist and are in 2 inch increments with a length of 27"-38" which are available in ½ inch increments

Boy's trousers range from 18" – 26" in waist and are in 2 inch increments with a length of 10" – 30" which are available in 1 inch increments.

Shirt

To provide a shirt size complete the following measurement.

Collar: measure around the base of the neck where the collar sits

Collar sizes range from 10" to 22" and are in 0.5 inch intervals.

We would always recommend being measured by a professional where possible. The tips featured are a guide only.
